BETTER SUPPLY

TRADING ESTABLISHMENT

BRAND IDENTITY

GUIDELINES & APPLICATIONS

A coherent visual and verbal identity for industrial trading and sourcing in Saudi Arabia.

Connecting Markets. Supplying Industries.

Brand direction / 21 October 2026

The brand at a glance

BRAND PROMISE

Making industrial sourcing simpler through clear communication, dependable coordination and a solution-focused approach.

CORE POSITIONING

A B2B trading partner connecting customers to industrial products, suppliers and service solutions.

BRAND PERSONALITY

RELIABLE

Credible claims; practical support

RESPONSIVE

Clear updates and next steps

PROFESSIONAL

Concise, courteous business tone

RESOURCEFUL

Sourcing-led problem solving

Logo system & signature

BETTER SUPPLY
TRADING ESTABLISHMENT

Connecting Markets. Supplying Industries.

PRIMARY LOCKUP

ICON / REVERSED VARIANT

Use the full lockup for formal communications. Reserve the icon alone for small profile images, favicons and garment marks.

Signature color & typography

DEEP EMERALD

#005B3F

FOREST GREEN

#0B6B4D

ANTIQUE GOLD

#C49A5A

CHARCOAL

#242629

WARM IVORY

#F6F3ED

Lato Heavy

Strong, legible headlines for industrial audiences.

Lato Regular

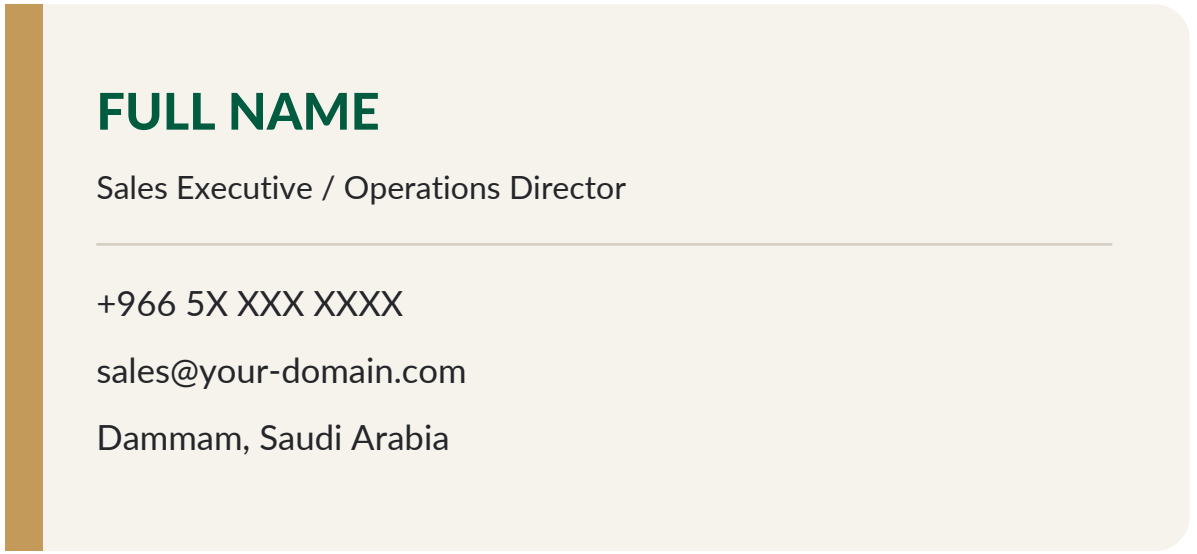

Simple, readable business communication.

Use gold for accents, rules and larger emphasis. Prefer emerald, charcoal or white for small text so contrast remains strong.

Corporate stationery & business card

CARD FRONT

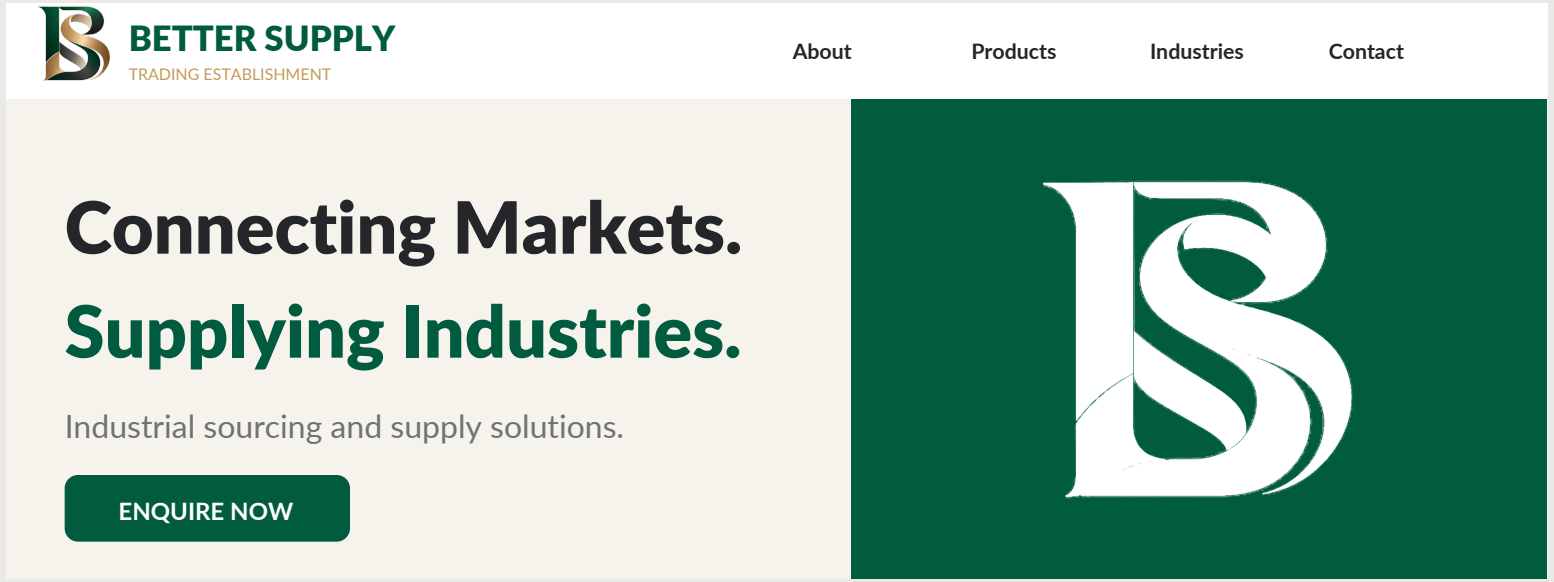

CARD BACK / PLACEHOLDER DATA

PRODUCTION NOTES

Business card: 90 x 50 mm. Letterhead: A4. Email signatures and quotations should use the horizontal logo, restrained gold dividers, and the approved company name.

Website & digital presence

DIGITAL DESIGN RULES

- Use the horizontal lockup in headers.
- Keep one clear enquiry action.
- Use real industrial product imagery.
- Avoid unverified claims or clients.

PROFILE ICONS

Brand consistency & practical rules

01 NAME

Use Better Supply Trading Establishment in all new English-facing brand materials.

02 PROPORTIONS

Never stretch, rotate or redraw the approved ribbon monogram.

03 CLEAR SPACE

Keep clear space around the full lockup, roughly 1/4 of the monogram width.

04 COLOR

Prefer the full-color logo on white/ivory. Use a white one-color mark over dark green.

05 LEGIBILITY

Do not place tiny gold lettering on white. Preserve minimum 12-14 px body sizes online.

06 VALIDATION

Verify contact details, CR/registration wording and Arabic translation before release.

BRAND IMPLEMENTATION

READY FOR WEB, PRINT & SITE SIGNAGE

LOGO	Stacked and horizontal PNG; master reference image; mono icon variants.
WEB	CSS tokens and web/mobile styling direction.
PRINT	Business card, letterhead, quotation cover and envelope layouts.
SITE	Reception signage, uniforms and vehicle marking concepts.
NEXT STEP	Rebuild the approved monogram as native SVG/AI/EPS for print production.
